

Beginning and intermediate string instruction for **3rd - 5th** graders (**2nd graders considered too!**)  
Violin, Viola, Cello, and Bass!

The Mozart String Project (Little Mozart) was started in 1994 by the Colorado Springs Youth Symphony in response to requests from families who lived in school districts without elementary string programs. We accept 3rd - 5th graders (2nd graders with either music background or parent involvement are welcome too!) Students come to class for 1 hour, 2 days a week and have 3 joint concerts with students from all sites (100 or more kids!) coming together to perform. We also perform with and can feed into the 6 Youth Symphony audition groups. NOTE: Our top Youth Symphony audition group has performed throughout Europe, Asia, and at the Sydney Opera House in Australia!
